## Battle Ship Texas.

More Startling Rumors About Its Construction.

### THE DEFECTS INEXCUSABLE.

Errors Made in the Calculation Which, if not Remedied, will Make the Vessel Inappropriate for Warfare—Other News from the National Capitol.

WASHINGTON, Oct. 27.—The commotion when will battle ship Texas float, is perplexing naval officers just now. All naval officers generally quite reticent when asked to express an opinion within the matter. One official stated within his own circle of friends that it was a known fact that the most inexcusable error had been made in the calculations and that the Texas would be worse than a useless vessel even if considerable modified to avoid the present defects.

The authority places the blame largely upon the board, consisting of officers and civilians by whom the plan of the Texas was adopted. This board was composed of Commander Kierstead, Lieut. Anox, Chief Engineer Kierstead, Assistant Constructor Bowles, Mr. Burgess and Mr. Wilson, the two latter being civilians. According to this official the board was not expert in the subjects which should have been considered. One was a commodore, another a lieutenant, another a chief engineer and Assistant Constructor Bowles was the single naval officer on the board who could be expected to be familiar with all the details of construction. Of the two civilian members of the board Mr. Burgess was a yacht builder, while Mr. Wilson was an engine builder in the employ of the Crumps.

The board, he says, was thus practically compelled to accept the calculations of the designers as being correct, whereas a board of experts in construction could, by a comparative method determine in a brief time just what the displacement of Texas would be if built and armed according to the specifications. The department has a great deal of information on the subject of displacement, and by comparing a new design with something of same character already built an approximate result can be reached without the necessity of an extensive mathematical calculation. Had two or three members of the board been expert on this subject they would have discovered defect in the design of the Texas almost at once. As it was the board swallowed everything that the designers presented, and paid little attention to verifying anything.

Their decision was made when only a week's study had been given to the design of Texas. This of itself, he says, is convincing that they took the statement of designers for granted. "There is no question," said he, "but that congress will investigate this Texas business at an early date. So much money has been expended that congress will not let it be buried out of sight. If the money has been thrown away somebody will have to be held responsible for it. When that investigation takes place you will learn more in a week what is the matter with Texas than would be disclosed by this department in six months."

### Will Meet in Chicago.

WASHINGTON, Aug. 27.—The commission recently appointed by Postmaster-General Wamaker to investigate the workings of the Chicago post office with a view to extending and improving the service there will meet in that city Friday of this week. First Assistant Postmaster-General Clarkson, chairman of the commission will leave Washington for Chicago in a day or two.

### Misuse of Mails and Robbery.

WASHINGTON, Aug. 27.—Chief Post-office Inspector Rathbone has received a telegram announcing the arrest of S. J. Clark, of Winona, Minn., for using the mails for fraudulent purposes.

A telegram received at the postoffice department from Boyd, Wis., stated that the postoffice at that place was robbed last night and \$37 in postage stamps taken.

### Does Not Want to Be Responsible.

WASHINGTON, Aug. 27.—A rumor is current in the navy department that Assistant Naval Constructor Bowles, who is on the board having in charge the building of the cruiser Texas, has asked to be relieved from duty on the board. Acting Secretary of the Navy Walker, has no information on the subject.

### Secretary Tichenor's Condition.

WASHINGTON, Aug. 27.—Assistant Secretary Batcheller spent Sunday at Luray, Va., with Assistant Secretary Tichenor. He says Mr. Tichenor's condition is about the same as it has been for some time past. One day he is able to sit up and the next day he is so unwell as to be confined to his bed.

### A Pacific Cable.

SAN FRANCISCO, Aug. 27.—The chamber of commerce committee recently appointed to investigate the feasibility of laying an ocean cable from this point to Australia, has reported in favor of the project. The cost of the line from San Francisco to New Zealand by way of Honolulu and Tahiti is estimated at \$10,000,000, and suggests that the United States government grant a subsidy for the purpose to the extent of guaranteeing three-percent bonds, to be issued by a company incorporated under the laws of the United States. They claim that the line will be a paying investment and will also materially reduce the cost of cabling to the Australian colonies.

### THE FIELD CASE.

Terry's Slayer Will Probably Be Tried in the State Courts.

SAN FRANCISCO, Aug. 27.—District Attorney White of San Joaquin who left Stockton in order to evade delivery of the state attorney's letter authorizing him to dismiss proceedings against Justice Field, was expected here last night. The letter now lies in the Stockton postoffice and counsel for Judge Field say that if White does not get it they will have the case taken out of his hands. The friends of White say he is justified in the course he is pursuing, by the grave charges of conspiracy which Field brought against him last week in his legal traverse.

Sarah Althea Hill-Terry publishes a bitter letter denouncing Attorney-General Jackson for his interference.

Judge Sawyer, it is said, has grave doubts of the power of the federal courts to interfere with the Nagle case and that Terry's slayer will have to be tried in the state courts at Stockton. It is rumored that Terry's adherents will shoot him if he is taken back to Stockton. The attacks of Justice Field on a man Althea Hill-Terry and his evident desire to protect Nagle has somewhat turned the sentiment against Field.

### Damage Done By a Cloud Burst.

CHARLOTTE, N. C., Aug. 26.—A cloud-burst over Rockingham and vicinity destroyed the dams of the following mills at and near that place. The Pee Dee and the Robert Dee, the Great Falls, the Midway and the Leo Betters. The machinery on the first floor of the Pee Dee and the Great Falls mills are considerably damaged, as is also the Midway building. The damage done is now estimated at \$100,000. Five hundred hands are thrown out of employment. The railroad track of the Carolina road for fifteen miles is more or less torn up, and there are several wash-outs on the Palmetto road between Cherow to Hamlet.

### The Day with the President.

BALTIMORE, Aug. 27.—The Sun's special from Deer Park says: The president spent the working hours of the day with Private Secretary Halford and Miss Sanger, the stenographer, writing up the presidential correspondence, a large amount of what was disposed of. The president also read a number of public papers, but did not determine or dispose of any matter. Governor Jackson, Mrs. Jackson, Senator and Mrs. Gorman called at the executive cottage and paid their respects to the president. In the afternoon President and Mrs. Harrison drove over to Oakland.

### Water Damages.

MEDINA, N. Y., Aug. 27.—The damage by the break in the canal bank at Shelby's is now estimated at over \$50,000. One quarry owner estimates his loss at \$10,000 to bridges and basin. Between the break and the lake much land is flooded and bridges are swept away. A steam canal boat loaded with resin was caught and wedged across the canal and will probably break in two. There is danger of the water undermining the New York Central tracks. Superintendent Servoss and a gang of men are trying to stop the leak.

### Coke Companies Selling Out.

PITTSBURGH, Aug. 27.—It is reported on good authority and partially confirmed at Connellsville, that the H. C. Frick Coke company had about concluded negotiations with the Cambria Iron company for the purchase of the Wheeler plant of one hundred ovens, the Marcell plant, with 400 ovens and the Mahoning plant with one hundred ovens. The reason given for the sale by the Cambria Iron company is that the latter has concluded that it can buy coke as cheaply as it can make the fuel.

### Shrouded in Mystery.

RALEIGH, N. C., Aug. 27.—The bodies of two unknown white men were found yesterday lying on the track of the Richmond and Danville road in East Durham. One of the bodies was terribly mangled, while the other bore no marks of even a bruise or scratch. The bodies were found near a large cotton factory. No one in the town could identify them and the mystery connected with the death of the two men is rendered more perplexing owing to the fact of the absence of any wounds on one of them.

### Arrested for a Murderous Assault.

ATLANTIC CITY, N. J., Aug. 27.—Mrs. Hamilton, wife of R. H. Hamilton, who is said to be the grandson of Alexander Hamilton, and son of Gen. Schuler Hamilton, of New York, was arrested yesterday for a murderous assault on her nurse girl, Mary O'Donnell. She seriously cut the girl with a Mexican dagger. The latter is lying at the point of death, while Mrs. Hamilton is held without bail to await her injuries. What led to the affray is not yet known. Mr. Hamilton is detained as a witness.

### Killed by a Falling Tree.

NEW HAVEN, Conn., Aug. 27.—James A. Paramore, of St. Louis, a Yale sophomore aged 18, who was on a trip through the northwest with members of his family, was accidentally killed while visiting a lumber camp, near Hot Springs, W. T. The other members of the party had gone into the woods, leaving James sitting on a stump. While they were absent he was caught by a falling tree, and his body horribly mangled.

### Solicitor Hart Leaves for Washington.

HILLSBORO, O., Aug. 27.—Hon. Alfonso Hart, recently appointed solicitor of the internal revenue department, took his departure yesterday for Washington, where, on Monday next, he will assume the duties of the position.

### Drowned While Bathing.

SEA VIEW, Miss., Aug. 27.—E. H. Bowman, of Chicago, a guest at a hotel here, was drowned at 11 o'clock yesterday while bathing. The body has not yet been recovered.

## Stage Coach Robbed.

The Deed Done by a Lone Highwayman.

### TWO MEN MORTALLY WOUNDED.

The Robber's Attempt Only Partially Successful—A Sheriff and His Posse in Hot Pursuit of the Robber, but with Little Prospect of Success.

MINNEAPOLIS, Minn., Aug. 27.—The Tribune's Ashland, Wis., special says: Black Bart's most daring deeds in the mountain passes of California and Colorado were outdone by a lone highwayman who held up and robbed the stage that runs between Gogebie, on the Milwaukee, Lake Shore and Western road, just over the line in Michigan, and Gogebie Lake, a summer resort, where people of leisure from the greatest cities spend the dog days.

As the stage was running along at a lively gait through the dense forest, when within about two miles of the station, a lone highwayman jumped out in front of it, and pointing two big "navy" revolvers at the driver, commanded him, in good old western style, to throw up his hands, and extended the same order to the four passengers inside the coach, with the further provision that they "shell out" all the loose valuables and currency. One of the passengers went down in his pocket, but instead of bringing up his pocketbook, he clenched a pistol in his hand and began firing at the robber. Instead of being overcome by the suddenness of his intended victim's move, the robber returned the fire. The driver whipped up his horses into a mad run, but the aim of the robber was true.

D. Mackechar, of the First National bank, of Minneapolis, was shot through the cheek, and another bullet went through his leg. Another passenger named A. G. Fleichlein, of Ashland, was mortally wounded. He raised up in his seat as the horses were whipped away, just in time to receive a bullet in the legs. He fell forward and pitched over the side of the coach into the roadway. The stage horses continue to run and the wounded man was left to take his chances with the robber. The villain threatened to kill Fleichlein, but finally desisted after securing \$35 and the victim's watch and chain. The wounded man lay bleeding in the road for three hours before any one courageous enough to go to his succor was secured. He was taken to a hospital at Bessemer, but loss of blood was so great as to blight all hope of recovery. Physicians say he cannot possibly live. Mackechar was taken to Eagle river and treated, and from there taken to his home at Minneapolis. There are grave doubts as to his recovery, too.

There were two other passengers on the coach, but neither of them was molested. They were William Paddon of 156 Washington street, Chicago, and Robert Rinout, of Bank of Montreal, Chicago. The party was out on a fishing trip and was composed of wealthy men. A description of the robbers tallies to the letter with that of the daring free booter who went through a northwestern train near Ellis Junction. Sheriff Dave Faley, of Bessemer, a very determined man, organized a posse of a dozen men and has gone in hot pursuit. The chances of capture are very slim, but if such a thing as getting the highwaymen is possible, Faley will do it.

### Construction Train Wrecked.

LINCOLN, Neb., Aug. 27.—News has just been received in Lincoln that a construction train was wrecked late last Saturday night on the Burlington and Missouri railway near the Pine Ridge tunnel, about 350 miles northwest of this city. The train was running backwards, and two cars were thrown from the track by a plank. Eleven men were more or less injured, nearly all of the wounds consisting of broken legs and dislocated ankles. One or two of the injured men are thought to be in a serious condition. The road upon which the accident occurred is the Burlington extension from Lincoln to the Black Hills.

### Factory Burned—Fireman Killed.

ROCKFORD, Ill., Aug. 27.—The building occupied by the Union Furniture company was burned, with its contents, Sunday night. The furniture company's loss is \$100,000, half insured, and R. K. Tinker, owner of the building, lost \$27,000, without insurance. Ralph Emerson, William Ward and Fireman Cavanaugh were knocked from the building by a hose, and fell forty feet. Emerson was killed, and the others injured.

### Shot in His Accoutrements.

CLEVELAND, O., Aug. 27.—A. J. Jackson, local agent of Thomas Cook & Sons, tourists expedition, confessed Saturday to Charles Stohis, an agent of the company that he was \$3,600 short. Stohis came on to make an examination of Jackson's books. Jackson disappeared Saturday and is believed to have gone to Canada.

### A St. Louis Sunday Blaze.

ST. LOUIS, Aug. 27.—The warehouse of the Joseph Haffner manufacturing company, on the corner of Dock and Main streets, was destroyed by fire Sunday afternoon. By hard work it was prevented from spreading. Loss \$50,000. Several firemen were overcome by the heat, but no fatalities resulted.

### Useless Ice.

BALTIMORE, Aug. 27.—The schooner Joseph Wilde with ice from Bangor, Me., bound for Richmond was sunk early this morning in a collision with the steamship Nessmore. The crew of the Wilde were rescued and landed at Fortress Monroe.

### EXCURSION TRAIN WRECKED.

Grand Army Men, Their Wives and Daughters Killed and Mangled.

CHICAGO, Aug. 27.—A special to The Evening Journal says: The vestibule train on the Santa Fe route, running between Kansas City and Chicago, met with a serious accident at Kinsman, a small station about fifteen miles north of here, at 8 o'clock yesterday morning. The train was heavily loaded with Grand Army veterans and their friends, bound for the Milwaukee encampment, and consisted of several extra coaches. By the spreading of the rails three coaches, two Pullman sleepers and the dining car were thrown from the track and down a steep embankment, a distance of probably forty feet.

Word was immediately telegraphed to this city for medical assistance, and a special train was sent at once with a dozen surgeons on board. The wrecker was also sent out to clear up the track. Those most seriously injured were brought to this city and taken to St. Mary's hospital, where their wounds were properly attended to.

In all there were probably fifty persons hurt, and though none were killed outright, the following are in a very dangerous condition:

Mrs. S. S. Dickerman, of Lawrence, Kan., chest and head badly cut.

Her little son, hurt about the back and face.

William R. Fish, Topeka, seriously, head injured.

Mrs. Fish, Topeka, head, back and arms.

S. F. Gould, Mulvane, Kan., back and face terribly cut.

Mrs. R. R. Tuckerman, Topeka, face badly cut and internally injured.

Mrs. Edward Ansley, lives near Carrollton, Mo., arm, head and back badly bruised and lacerated.

Mrs. George B. Peters, Emporia, head and face mashed and cut.

George Peters, Emporia, hurt about the chest and face; also internally injured.

Mrs. S. S. Johnson, Norfolk, Conn., badly hurt internally and head and face cut.

In addition to this, Ben Levy, of Streator, had his face cut and arm dislocated, but his injuries are not dangerous. The others are at the hospital, and the majority, it is feared, will die.

Three of the injured are reported to have since died, one of the three being Mrs. George Peters, of Emporia. Exact information is hard to obtain, the railroad authorities being extremely uncommunicative.

The accident was caused by the chair car, the third behind the engine, jumping from the track. It was ditched instantly, taking with it three sleepers behind. A rail was found projecting through the bottom of the chair car, and coming out through the side about three feet from the bottom. A man who was hunting in a field near by, and saw the accident occur, said the chair car jumped fully ten feet high, and landed in the ditch over one hundred feet from where it left the track.

The car was full of passengers, every seat being occupied, and the scene which ensued was intensely exciting. Mr. Robinson, of Mulvane, Kan., had just passed into the smoking room of the chair car, and when he felt the jar he clutched the lamp and held himself in position, thus escaping serious injury. He at once commenced to rescue those who were helpless, but the sight of bruised heads, broken limbs and streams of blood were too much for him, and he had to give up. Others soon came, however, and the sufferers were relieved as rapidly as possible.

The train was running at a high rate of speed, probably sixty miles an hour. The road-bed where the derailment occurred is in very bad condition, and probably the engine and two cars which passed over the loose rail bent it out of shape so as to cause it to catch where it did. The chair car and two of the sleepers are a total loss. It is believed that if the train had been of the ordinary pattern, instead of vestibuled, the loss of life would have been at least fifty.

### MORMON ELDERS FLAGGED.

Three Polygamists Hung by the Thumbs and Whipped in Alabama.

BIRMINGHAM, Ala., Aug. 27.—Three mormon elders named Engel, Taylor and Laird were severely whipped by regulators in Marion county Friday night. They had been proselyting in the county for sometime, and among their converts were two married women who left their homes and families to follow the elders. Thursday night a notice signed "regulators" was handed to the elders. It read: "If you are in this county to-morrow night you will be in hell next day."

The elders refused to leave, and the following night a band of men wearing masks took them into the woods, hung them up to trees by their thumbs, and whipped them severely with switches. The women were warned that unless they returned to their families at once they would be treated the same way. There is no clew to the identity of the regulators.

### ALLEE SAMEE MELICAN MAN.

Three Hundred Thousand Dollars Alleged to Have Stuck to His Fingers.

SAN FRANCISCO, Aug. 26.—The Chronicle states that Leon Hang Tsang, Chinese consul general stationed in this city, is made defendant in a suit for an accounting in the United States court here, on complaint of Moy Dock Hing, contractor, from Portland, Ore.

The consul general had charge of the distribution of moneys paid by the United States government to recompense sufferers by the riot and fires at Rock Springs, Seattle, Eureka, Truckee, Redding and other points, amounting to \$400,000. It is claimed that an unexpended balance of \$300,000 is unaccounted for, and that the facts have been laid before the Emperor of China.

# THE EVENING BULLETIN

DAILY, EXCEPT SUNDAY.  
ROSSER & MCCARTHY,  
Proprietors.

TUESDAY, AUG. 27, 1889.

Last spring we urged some of Maysville's well-to-do citizens to start a shoe factory here. We felt confident such an industry would prove a profitable one, and we are still of that opinion, but all our talk has proved of no avail. About the time the BULLETIN was discussing this subject in the spring, the Excelsior Shoe Company was organized at Portsmouth with a capital of \$10,000. The Daily Blade of that place a few days since said:

The Excelsior Shoe Company are making a great success of their factory in the West End. With the increase of their business they have room to branch out. Henry Stenshorn will willingly give way to give the company the entire building. The company are turning out a splendid specimen of infants' shoes that are meeting with a ready sale wherever they are being introduced.

If our suggestions had been acted on and a factory started here at that time, the enterprise would, no doubt, have now been on the high-way to success. But most of our well-to-do citizens seem impressed with the idea that merchandising is the only business in which they can make money. There is hardly any line of business here that is not overcrowded. Our honest opinion is that if more attention was paid to manufacturing, a new era would dawn on Maysville, and one of greater prosperity.

## WEEKLY CROP REPORT.

### Other Items of Interest to the Farmers and Stock Raisers.

The crop bulletin issued for the week ending Saturday, by the State Weather Service, in conjunction with the Signal Service, is as follows:

The weather for the past week has not been generally favorable to growing crops. The excessive sunshine and almost total absence of rain have rendered the soil very dry and dusty, and retarded the growth of vegetation, especially of corn and tobacco. There is an imperative need of rain throughout the State. All crops are suffering for want of it, and unless copious showers come soon, serious damage will result. Corn, particularly, is showing the effects of the drought, and is reported to be yellowing. So far the injury to it is not serious. Considerable early tobacco has been cut and housed. Hemp is being cut, and will yield a good crop. Fruits are generally very abundant and of good quality. Irish potatoes are yielding splendidly.

One of the dressed meat concerns of Chicago is said to have made during the past year a profit of twenty-seven per cent., says an exchange. This has been done at the expense of farmers and stockmen.

During the last fifteen years of the late General W. T. Withers' life it is estimated that he sold not less than half a million dollars' worth of trotting bred colts and fillies which were born and raised at his establishment, Fairlawn Stock Farm, near Lexington.

The speed shown by the trotters and pacers at the Cleveland races was unprecedented. There were forty-eight heats trotted and paced on the regular programme, and the average time was 2:18 5/8, greatly exceeding in speed that of any four days' meeting ever held. Many fast records were made, Guy leading with a mark of 2:10 1/4. Then followed Brown Hal, 2:12 1/4; Roy Wilkes, 2:13; Axtell, 2:14; Lillian, 2:14 1/4; Gene Smith, 2:15 1/4; Jack, 2:15 1/4; Hal Hointer, 2:15 1/4; Wilcox, 2:16; Thornless, 2:16 1/4; William M. Slingerly, 2:17 1/4; Lady Bullion, 2:18 1/4; Billy Mack, 2:19; Reference, 2:19 1/4; Calvina Sprague, 2:19 1/4; Anna L., 2:20; Sprague Goldust, 2:20, and Allerton, 2:20. The free-for-all pacing race will go on record as one of the greatest races ever paced. There were five starters and it took six heats to decide it. Time—2:19, 2:13, 2:12 1/4, 2:15 1/4, 2:19, 2:20 1/4.

### Special Excursion to Montezuma.

On Thursday August 29th the Chesapeake & Ohio Railway will run a special excursion from Huntington and Intermediate points to Cincinnati, to enable people living along the line to visit the grand pageant, Montezuma, or the Conquest of Mexico.

This magnificent spectacle is now exhibiting at the Campus, under the management of the Order of Cincinnati.

No such gorgeous historical and dramatic production has ever before been undertaken in this section of the country. The old "City of the Aztecs," with its towered and brilliant hued palaces and temples, is shown as it appeared in the time of Montezuma and Cortez. The scene is dazzling, and seems really to comprise an entire city, swarming with life. In the foreground is the lake, spanned by a causeway. In the background are mountains, with a volcano sending up its spiral of smoke. The action transpires, for the most part, on a stage in front of the scenery, back of the lake, though some of it takes place on the causeway, and on the lake itself. It is all in pantomime, but is full of vivid interest. Cortez and his daring band lay siege to the city, capture the Emperor Montezuma, and after many battles, finally overthrow and burn the marvelously beautiful capital of a mighty

nation. All this is shown in stirring action, the combats between the Spaniards and the Aztecs being highly dramatic. The life of the Indians is shown by means of a series of pageants, in which the richly robed priests and nobles are brought into strong contrast with the scantily clad people. The religious practices are also illustrated.

The stage on which this takes place, is 600 feet long. The actors number some twelve or thirteen hundred. A troop of mounted horsemen occupies only a small portion of this great space. A ballet of one hundred and twenty dancers, barely suffices to fill the front of the stage.

Passengers going to Cincinnati on the special train of August 29, will reach the city at 4:30 p. m. They may return home on the train leaving Cincinnati at 11 o'clock the same evening, or on any regular train up to and inclusive of August 31. The price of a round trip ticket includes admission to the Conquest of Mexico.

## OUR NEIGHBORS.

### GERMANTOWN.

Large crowds from here and vicinity attended the "blue ribbon fair" daily and pronounced it the best fair Maysville ever gave. Germantown, (the old reliable) has a fair, to commence today (Tuesday) in October and lasting five days. It promises to eclipse all past efforts and as usual will be the boss fair in the State.

CHIC.

### ORANGEBURG.

August 26th, born to the wife of Joseph Wright, a daughter.

The fair was very well represented from here the past week.

Bullock Bros. sold a lot of stock hogs to Headleston, of Fleming, at 5 cents per lb.

Charles Thomas Calvert and family, of Germantown, spent Sunday with the family of Charles Calvert.

Miss Mary B. Ross and her aunt, Miss Lucy A. Bullock, are visiting relatives in Covington this week.

Meeting still in progress at Mt. Olivet church. There have been several additions and two or three conversions.

### MAYSLICK.

Miss Mollie Knight, one of the belles of Millersburg, is visiting Miss Mamie Scott.

Miss Jennie Evans has returned from her trip to Old Point Comfort and other places, highly delighted and health improved.

We understand Captain J. A. Jackson offers his hotel property with store combined for sale or rent. A very desirable and popular stand—the Stonewall House.

The hotel property sold a few days since has been sold again for \$100 advance. Property is on a boom here, especially where they can get a bar in it to week and poison the brains of some poor deluded creature, while the orphan cries for bread.

### SHANNON.

Lawn fete at Ashwood Grove Saturday night, August 31st. Benefit of Shannon Church. Committee of arrangements: Mrs. E. D. Watson, Mrs. G. G. Kilpatrick, Mrs. W. J. Rees, Mrs. H. M. Pyles, Mrs. C. C. Arthur, Mrs. W. H. Murphy, Mrs. Steve Frozge, Misses Bell Arthur, Em L. Browning, Ollie and Nannie Bland and Nannie Camp. Ray's Cornet Band has been engaged and will play during the entire festivities. Those who feel an interest in Shannon and are not called on personally to contribute will please send their contributions to the grove of Mr. H. D. Watson on Saturday, August 31.

The funeral services at Shannon Church in the presence of a vast concourse, over the remains of the late G. Washington Prather, were impressive. Dr. Anderson's remarks were singularly appropriate, and the concluding talk of Rev. Joseph Evans, in which he revived pleasant recollections of his old neighbor and friend, reciting two beautiful poems fitting the case, was well received. His grandsons were the pall-bearers and Mr. Johnnie Porter funeral director. Our organist relieved the intervals with some of her sweetest solos.

### HELENA.

A great many from this neighborhood contemplate going to the Lexington fair this week.

The agent of Cincinnati Post was here Saturday and appointed Master Ollie Keith agent at this place.

John Mitchell, fireman on the K.C. between Winchester and Cincinnati, was home Saturday on a visit.

Miss Anna Ross returned to her home in Flemingsburg Sunday, after a protracted visit with friends and relatives here.

Mr. Septimus Clarke, of Millwood, is a candidate for Doorkeeper of the House of Representatives at the next meeting of the Legislature.

Mrs. Mary Keith, accompanied by her son, Claude, and by Misses Mary Griffin and Hattie Collins, visited relatives in Maysville last week.

DR. T. C. MARTIN, son of the late Dr. G. W. Martin, was in town yesterday en route to Wilson's Bottom to spend a few weeks with his mother. He will leave about the 14th of September to take a course of study in some of the famous medical institutions of Europe.

The examining trial of Seymour Porter and Spence Hinton, arrested last week for setting up a gaming table, took place yesterday before Mayor Pearce. They were held in the sum of \$250 each to answer at the next term of the Circuit Court. The trial of Fred Frey, William O'Brien and William Rosenfeld for running a "wheel of fortune" was continued till the second day of September, and their bail was placed at \$250 each, also.

## REV. E. B. GARRETT

His Farewell Sermon at the Baptist Church Sunday Night—Departure for His New Home.

Sad and touching was the separation of pastor and people at the Baptist Church Sunday night. The main room was crowded to its utmost seating capacity, other churches having been dismissed. It was a grand outpouring of the people of Maysville to hear the farewell sermon of Rev. E. B. Garrett, and show their appreciation of, and regrets at losing, so excellent a citizen, so kind a friend, and so true and faithful a servant of God. Most of his brother Sir Knights of Maysville Commandery No. 10, K. T., were present.

The text chosen for the occasion—"The Lord be with you all," II Thes. third chapter and sixteenth verse—was an appropriate one and was handled with great earnestness and power. Many were the hearts that were sad when the fitting hymn "God be with you till we meet again" was sung at the close of the services. That the One on high will be with him and his estimable family in his new field of labor is the prayer of his church and the host of friends left behind.

Rev. Russell Cecil, late pastor of the Central Presbyterian Church, and Rev. John S. Hays, D. D., pastor of the First Presbyterian Church, took part in the services. Miss Emma Schuman, of Lexington, assisted the choir and sang a solo during the evening. Mr. Garrett and family left on the early C. and O. train this morning for his new field of labor at Austin, Texas. They were accompanied as far as Cincinnati by Mr. and Mrs. Jas. H. Hall.

MR. AND MRS. MOSES MOORE have sold and conveyed an acre of ground near South Ripley to W. H. Moore for \$150, cash. They have also sold a small lot of ground in same neighborhood to B. F. Moore for \$100.

ANOTHER wedding that will take place early in September is that of Miss Anna Stockton, daughter of the late Colonel John M. Stockton, to Mr. E. H. Martin, of the firm of Bierbower & Co. The date of the nuptials is September 10.

MR. GEORGE ENNIS, of Aberdeen, sent to the BULLETIN office yesterday a couple of tomatoes, one of which weighed two pounds and the other two and one-half pounds. As large as these were, they did not equal one, of mammoth size, sent in a few days since by Mrs. N. Gollenstein, of the Fifth ward.

MR. A. J. McDUGGLE is the owner of one of the finest pear orchards in this vicinity. He has about twenty varieties, and says the crop this season is one of the largest and best he has ever seen. The BULLETIN is indebted to him for a box of this luscious fruit, of the "Maiden's Blush" and "Bartlett" varieties.

COUNCILMAN HUGH F. SHANNON, grocer, doing business on East Third street, made an assignment yesterday for the benefit of his creditors. Mr. Robert Ficklin is the trustee and has qualified. The amount of the assets and liabilities is not stated. Mr. Shannon's friends will regret to learn of his financial troubles.

THE Ripley fair commenced this morning and will close Friday. The first day never amounts to much, but there is promise of a big attendance the rest of the meeting. The C. & O. will sell tickets to South Ripley at excursion rates. Haucke's Reed and Brass Band will furnish music to-morrow, Thursday and Friday.

H. E. HUNTINGTON and wife have conveyed to I. G. Rawn, trustee, their eleven-twelfths interest in the exclusive ferry privilege and franchise across the Ohio at South Ripley and in a lot at that point, also in a tract of land in Campbell County, known as the "ferry lot," together with the ferry franchise. Consideration \$25,000.

THE Board of Directors of the Ruggles' Camp Meeting Association met at the M. E. Church, Third street, yesterday to finish up the business for the year, pay all bills &c. Also to organize the new Board. A vote of thanks was given to Mr. John Walsh for his faithfulness and efficiency in discharging his duties while Secretary of the association. The following officers were then elected for the ensuing year: President, I. M. Lane; Treasurer, T. H. Ruggles; Secretary, Miles Wallingford.

DR. L. L. ROBERTSON, one of Maysville's promising young physicians, left on the K. C. last evening for his new home in Knoxville, Tenn., where he has accepted a position as one of the resident physicians in the City Hospital. He will devote part of his time to city practice outside the hospital. His departure will be regretted not only by the many friends he has made in the social circle in which he has moved, but by those he has been thrown within the discharge of his professional duties. May prosperity be his in his Southern home.

## WANDERERS HEARD FROM.

A Letter From Ernie White Giving a Brief Account of Life on Board an English Ship.

The following letter from Ernie White and Lee Haucke was received by Mr. C. H. White yesterday:

IQUIQUE, S. A., CHILE, July 23, 1889.  
My Dear Pa: In port four days. And what a God-forsaken country! Just came from the U. S. Consul, where I received your letter. We were seventy-seven days at sea and seventy days out of sight of land. We went on board at Astoria, Oregon, May 8, 1889, and signed papers before the British Consul for three years at sea. And it was the dearest sign we ever signed. Hunger and cold, there was no end. Hard work and mean treatment was the officers' motto. Well, we went on board at 4 o'clock, May 8. Piled up anchor at 5 and anchored in the mouth of the Columbia river, looking out into the deep blue sea. There we laid five days. I'll tell you right now what we had to eat for eleven long weeks: In the morning coffee and sea biscuits. Honestly you had to take a belaying-pin or a hammer to break them. At noon, one and one-half pounds of salt meat, and that had to last until noon the next day. That was all we had from one day to another. Oh, she was tough! Of a Sunday we had what they called soft-lack, and on the forepart of the trip we had a few potatoes.

I will mail you a diary that we have, and you can make all out of it you can. We haven't time to write, and we are trying to make arrangements to get out of here. Everything has run right against us, but it was all our own fault, and I will write in a day or two and tell you all about it. So don't write until you hear from me again. We made everything right here with the English Consul and left the ship. As we have a little over \$300 we think it best to get out of the country, which we will do as soon as possible. There are no white people here to amount to anything. Nothing but natives. We can't speak their lingo. We can't get anything to do, and when you go broke you have to live off of fruit.

The towns here are something similar to the Mexican towns. The people are mulattoes. The women are beautiful. Everybody drinks. Dance halls, theatre and all kinds of amusement. But what is the use of staying here only to see the country, and I have seen all I want to see? The next time you hear from me I think it will be where the stars and stripes fly. There is no use of my describing this country, for it is just like Mexico, with a few exceptions. Here it never was known to rain. The houses are made of mud. In Mexico the houses are made of mud. The houses here are double-roofed. And it is the dead of winter here now and hot. Oh my! what a fine climate! Just hot enough to live right. Well, I will enclose the diary and you can split it up and make as many letters out of it as you please. Anyhow, you will hear from me again in a few days. So ta-ta, ERN.

P. S.—Since writing the above we have found out we are stuck here, and we are going to work to-morrow. So direct all letters as you did the last and one in care U. S. Consul, also papers, and instead of sending diary we will write the whole description of our trip. I will close. Every your boy, ERN.

## Here and There.

Miss Florence Frank left this morning to spend the week with relatives at Lexington.

Judge Cole and Commonwealth's Attorney Sallee left yesterday for Greenup to hold court.

Misses Emma and Minnie Bierley will be the guests of the Misses Fleig, of Ripley, this week.

Misses Minnie and Anna McDougale have returned from a three-months' visit at Hopkinsville, Ky.

Mr. John M. Brennan, of Paris, who was the guest of Mr. Will Wood the past week, has returned home.

Miss Lutie Ryder, of the Fifth ward, is on an extended visit to relatives in Indianapolis, Ind., and Peoria, Ill.

Dr. P. H. Malloy, of Lexington, has returned home after spending a few days with his parents near Germantown.

Messrs. George Andrews, Alford Andrews and Henry Mudger, of Georgetown, O., are visiting Mr. Samuel Smith and family of the West End.

## County Court Doings.

The widow and heirs of the late James S. Dickson filed petition for a division of real estate.

An inventory and appraisal of the personal estate of Susan M. Curtis, deceased, was filed and ordered recorded.

The last will of Frederick Hotze was filed, proved by the oaths of Geo. W. Sulser, W. S. Frank and Thos. A. Davis and admitted to record. Lewis Hotze qualified as executor, and C. C. Degman, F. M. Collis and Samuel Sweet were appointed appraisers.

Robert Ficklin qualified as trustee of Hugh F. Shannon, with H. Ficklin surety. H. L. Newell, W. W. Newell and W. R. Smith were appointed appraisers.

The ladies of the Mite Society of the M. E. Church, Third street, certainly deserve great praise for the improvement they have caused to be made in their house of worship. New windows of handsome design have been put in at the front, and the painters are now at work touching it up in attractive colors. It is an improvement that adds greatly to the appearance of the church.

# The London Strikes.

It May Soon Reach Enormous Proportions.

## ITS EFFECT UPON BUSINESS.

London Entirely Cut Off from the Outside World as Far as Water Communication is Concerned—Trial of William O'Brien. Other Dispatches from Over the Atlantic Cable.

LONDON, Aug. 27.—London is an inland town and promises to remain so for some time to come. All communication from the rest of the world by water is as completely cut off as though the Thames had dried up and been turned into a garden farm. The great ships lying at the docks can neither load nor recharge their cargoes, and the immense traffic of the greatest city of the world lies at the mercy of the men commercially rated at \$1 a day. Up to the present the dock laborers have been regarded by the populace not without interest, but with that languid interest which is felt in affairs which concern other people and not ourselves.

But this is all over and to-day the strike and its consequences touch every man, woman and child in this great city. No meat arrived in London yesterday. The markets in Mark Lane are paralyzed and maize advanced five shillings the quarter for immediate use. To day the city was thrown into a fever of excitement when the coal handlers struck and it was announced that the gas stokers intended to follow suit and leave the city in darkness tonight. The Electric Light companies were filled with orders from commercial houses who sought to avert such a calamity and they have largely increased their force. So far the gas stokers remain at work, but there is no telling what moment they will quit.

Although the strikes so far include only a few industries not directly connected with transportation there is scarcely any important trade carried on in London in which there are not loud mutterings of discontent. The truth is that the workingmen have been taught by the dock laborers what an immense power for evil they hold in their hands and they are anxious to exercise it, if only to show their masters that they possess it. Strikes are talked of to-day where a week ago there was no thought of a grievance and there is a general conviction that an end is not yet.

The coal porters have joined the strike. Another conference was held yesterday between the managers of the docks and the laborers' delegates, but no agreement was reached. Arbitration of their differences was again proposed by the representatives of the strikers, but the employers refused to listen to any proposal to submit their case to the hands of third parties for decision.

The committee of the striking dock laborers has been appealed to by the owners of the large quantities of perishable property on board vessels at the docks to permit such articles to be unloaded. The committee to this request gave a peremptory refusal.

On account of the strike among the coal handlers, coal yesterday was advanced on price just 100 per cent.

The many biscuit factories all over the city have been compelled to stop for want of flour.

### Trial of William O'Brien.

CORK, Aug. 27.—The trial of William O'Brien and Mr. James Gilhooly, members of parliament, on the charge of speaking at a proclaimed meeting at Clonality was concluded yesterday. Mr. O'Brien was sentenced to two months' imprisonment, and Mr. Gilhooly to six weeks, both without hard labor. At the expiration of these terms of sentence each must furnish bonds to keep the peace for six months, and in the event of their failing so to do, two months' imprisonment additional is imposed upon each by the terms of the sentence.

Gladstone on the Bulgarian Atrocities. LONDON, Aug. 27.—Mr. Gladstone writes to The Daily News on the subject of the atrocities practiced by the Turks upon the Christians in Armenia. He comments that paper for bringing to light some years ago, the facts about the Bulgarian atrocities and says: "We are entitled by treaty to demand that the sultan suppress these outrages and punish the guilty miscreants."

### Secret Socialist Society.

VIENNA, Aug. 27.—The police have unearthed a secret Socialist society extending all over the province of Galicia, with members among wealthy and influential citizens of many towns and cities. A large number of arrests followed the discovery, and among the prisoners are many lawyers and students besides quite a number of ladies.

### A Long Swim.

LONDON, Aug. 27.—The Swedish athlete Akijs, gave an exhibition of his swimming in the River Marve at Charlton five miles from here to-day. He swam a distance of ten miles in nine hours. He undressed while swimming, also smoked cigars.

### Corruption in the Navy.

BERLIN, Aug. 27.—Further evidences of the corruption recently discovered in the imperial navy at Kiel are brought to light daily. Several officials of high rank in the service were arrested in this city yesterday charged with complicity in the frauds.

### Inspecting Fortifications.

CONSTANTINOPLE, Aug. 27.—Two engineer officers have been sent to Crete to inspect the various fortifications there, with a view of strengthening them against an attack in case of insurrection.

### Thousands of People Homeless.

ST. PETERSBURG, Aug. 27.—Half the city of Dubno on the Irva has been destroyed by fire. The loss is enormous, and thousands of people are rendered homeless.

## ANOTHER TRUST.

This One is Called the United States Glass Company.

NEW YORK, Aug. 27.—The manufacturers of window glass, table glass and crockery have formed a "trust" called the United States Glass company. They have bought up ten of the principal plants in New York state and Ohio, but it is not believed that the western manufacturers will join the association. The new trust is really the beginning of a long fight between the old manufacturers, who are known as "the potmen" and the new men called "the tankmen" by reason of their introducing a new method of making glass in tanks instead of pots.

The new method is very expensive, and only one plant has been erected in this country, that at Jeannetta, Pa. The men behind the new enterprise have issued circulars that they will furnish glass at a reduction of from 10 to 15 per cent. below the price of the "potmen." This action would have resulted in the going under of many small firms if they had stood alone. So a trust was formed and inaugurates the beginning of a long fight.

## CONDENSED TELEGRAMS.

Minor Events and Little Happenings at Various Places.

The Cronin suspects wants separate trials. Mrs. William Beebe drowned herself in a cistern at Norwalk, O.

Ralph Emerson was killed in a furniture factory fire at Rockport, Ill. Mrs. Victoria Hamilton fatally stabbed her nurse girl at Atlantic City, N. J.

Fire destroyed a ware house at Porto Costa, Cal., involving a loss of \$600,000. Mrs. H. Bowman, of Chicago, was drowned while bathing at Seaview, Mass.

The skeleton of a woman supposed to have been murdered was unearthed at Anderson, Indiana.

A prisoner named Latimer was detected in a plot to blow up the state prison at Jackson, Mich.

President Harrison says that the question of an extra session of congress has not been determined.

William Jones, aged 84 years, was attacked by a bull near Lexington, Ky., and fatally gored.

The late Dr. Bayless in his will gave everything to his widow. He is said to have left an estate of from \$50,000 to \$100,000.

Joseph Thompson, of Newport, Md., hanged himself because he was robbed of \$1,800, which he had saved in ten years of hard labor.

Senator Sherman, in a letter from London, states that he will sail for home Sept. 5. As soon as possible thereafter he will take part in the Ohio campaign.

Eastern capitalists have formed a combination to purchase all the coal property along the Monongahela river, and control the river business. It will require \$13,000, to make the deal.

Fair weather, warmer in eastern; stationary temperature in western portion; southerly winds.

## Forest Fires in Washington.

SEATTLE, Wash., Aug. 27.—This year forest fires are more extensive than usual and the amount of timber destroyed is almost beyond computation. The entire eastern slopes of the Cascade mountains, from Natchez pass north to the boundary, is reported to be in flames, having been started by a band of outlaws fleeing from the sheriff of O'Kanagan county, the fires being set to hinder pursuit.

## The Police Were To Prompt.

BLOOMINGTON, Ill., 27.—Frank Lewis, a circus faker, who has been employed as a hack driver, assaulted a 7 year old girl here Saturday night. The child's cries aroused the neighbors, who rescued her, and would have lynched Lewis had it not been for the timely arrival of the patrol wagon. Lewis is now in jail. His victim was seriously injured.

## Damage Caused From a Bursting Sewer.

PHILADELPHIA, Aug. 27.—The bursting of a sewer, due to recent heavy rains, caused damage in the Fifteenth and Twenty-ninth wards, estimated at \$100,000. Streets were torn up and washed out, cellars flooded, foundations and walls weakened and shattered, and stocks of goods ruined. Many persons narrowly escaped drowning and the inhabitants of the district are fearful of further disaster.

## Cherokee Strip Colonies.

WICHITA, Kan., Aug. 27.—A meeting was held Sunday to organize a Cherokee strip colony, the object being to make an effort to open the strip to settlement. This is the sixth colony formed in the last few days, and as outlined the colonies will aim to increase as rapidly as possible in numbers and membership, and petition congress at its next session to open the strip.

## Talmage En Route East.

PORTLAND, Ore., Aug. 27.—Rev. T. DeWitt Talmage preached Sunday to the largest audience ever gathered in this city to hear a sermon, and many persons were unable to gain admission to the tabernacle. Dr. Talmage has started eastward and will stop at Des Moines and Omaha to deliver addresses at the state expositions of Iowa and Nebraska.

## Cigarmakers Returning to Work.

JACKSONVILLE, Aug. 27.—The strike of the cigarmakers is practically ended. About 150 men mostly Americans will resume work. Without any concerted action by resolution or otherwise, these men are satisfied that the offer of Manager Gatto to pay off through a window, cut in the side of the stairway is all the concession that can reasonably be expected. The Cuban element among the workmen may hold out for another week, but it is thought all will be at work by Sept. 1.

## Resisting Arrest to Their Sorrow.

TUSCUMBIA, Aug. 27.—While Marshal Gibson was trying to arrest Charles and Dayton Womble, the brothers drew their revolvers and began firing at him. Gibson returned the fire, killing Dayton Womble and seriously wounding Charles in the shoulder. The marshal was unhurt.

## No One Responsible.

NEW YORK, Aug. 27.—The coroner's jury in the case of the several victims of the recent fire at 305 Seventh avenue has rendered a verdict that the cause of the fire was unknown. They exonerated Restaurant Keeper Snyder, who had been under a strong suspicion and he was released from custody.

## Damaging Earthquakes.

ATHENS, Aug. 27.—Severe shocks of earthquake were felt throughout Greece yesterday, and serious damage is reported from several towns. In many of the towns the inhabitants passed the night in the open air, feeling that their dwellings were unsafe. The greatest damage was done at Etalicon, where nearly half the houses were so much shaken up that they are no longer habitable.
